

# 2022 Whitney Farms Men's Club Course Setup and Player's Guide

This Course Setup and Player's Guide is in effect as of April 1, 2022.

All WPMC tournaments shall be played in accordance with the current edition of the USGA Rules of Golf, except as specifically modified by any Local Rules outlined below. The format for each weekly tournament will be posted on the board located in the pro shop along with the sign-in sheet. Any questions may be directed to the pro shop or a member of the Board.

## Section A: LOCAL RULES

### 1. Alternative To Stroke-And-Distance Relief For A Ball That Is Lost Outside A Penalty Area Or Out Of Bounds

When a player's ball has not been found or is known or virtually certain to be out of bounds, the player may proceed as follows rather than proceeding under stroke and distance.

For two penalty strokes, the player may take relief by dropping the original ball or another ball in this relief area (see Rule 14.3):

Two Estimated Reference Points:

- a. Ball Reference Point: The point where the original ball is estimated to have:

Come to rest on the course, or

Last crossed the edge of the course boundary to go out of bounds.

- b. Fairway Reference Point: The point of fairway of the hole being played that is nearest to the ball reference point, but is not nearer the hole than the ball reference point.

For purposes of this Local Rule, "fairway" means any area of grass in the general area that is cut to fairway height or less.

If a ball is estimated to be lost on the course or last crossed the edge of the course boundary short of the fairway, the fairway reference point may be a grass path or a teeing ground for the hole being played cut to fairway height or less.

Size of Relief Area Based on Reference Points:

Anywhere between:

A line from the hole through the ball reference point (and within two club-lengths to the outside of that line), and

A line from the hole through the fairway reference point (and within two club-lengths to the fairway side of that line).

But with these limits:

Limits on Location of Relief Area:

Must be in the general area, and

Must not be nearer the hole than the ball reference point.

Once the player puts a ball in play under this Local Rule:

The original ball that was lost or out of bounds is no longer in play and must not be played.

This is true even if the ball is found on the course before the end of the three-minute search time (See Rule 6.3b(2)).

But, **the player may not use this option** to take relief for the original ball when:

That ball is known or virtually certain to have come to rest in a penalty area, or

The player has played another ball provisionally under penalty of stroke and distance (see Rule 18.3).

A player may use this option to take relief for a provisional ball that has not been found or is known or virtually certain to be out of bounds.

## **2. Maximum Score Form of Stroke Play**

For all WFMC stroke play events, a player's score for each hole is capped at a maximum score of 10.

A player who does not complete a hole (often referred to informally as "picking up") will not be disqualified from the tournament, but instead will simply get the maximum score of 10 for the hole.

## **3. Distance Measuring Devices**

For all WFMC tournaments, a player may obtain distance information by use of a distance-measuring device. If, during a stipulated round, a player uses a distance-measuring device to gauge or measure other conditions that might affect his play (e.g., elevation changes, wind speed, etc.), the player is in breach of Rule 4-3.

## **4. Ground Under Repair**

Areas defined by enclosed White Lines are considered to be Ground Under Repair from which players are entitled to relief without penalty. French Drains (trenches filled with exposed rock) are deemed to be Ground Under Repair.

## **5. Out of Bounds**

Defined by the nearest inside edge of white stakes and all boundary fences. The driving range is considered Out of Bounds. The boundary of the driving range is defined by the nearest course side edges (the edges on the course side) of the posts at ground level. When a line on the ground defines the boundary edge for out of bounds, the line on the ground controls and the posts may be used to show approximately where the boundary edge is, but they have no other meaning.

## **6. Preferred Lies (Winter Rules)**

In general, the WFMC shall play Winter Rules from the start of the golf season until the weekend before Memorial Day and from the last weekend in September until the end of the season. From Memorial Day weekend through the last weekend in September, the ball must be played as it lies except as otherwise provided in the Rules of Golf. However, the Executive Board may change these general rules based on course and weather conditions during the year. Any changes will be posted during the sign up of a given tournament.

The following Local Rule is in effect during the time period specified above when Winter Rules are applicable:

A ball lying on a closely-mown area through the green of the hole being played may be lifted without penalty and cleaned. Before lifting the ball, the player must mark its position. Having lifted the ball, he must place it on a spot within twelve inches of and not nearer the hole than where it originally lay, that is not in a hazard and not on a putting green.

A player may place his ball only once, and it is in play when it has been placed (Rule 14). If the ball fails to come to rest on the spot on which it was placed, Rule 14.2e applies. If the ball when placed comes to rest on the spot on which it is placed and it subsequently moves, there is no penalty and the ball must be played as it lies, unless the provisions of any other Rule apply.

If the player fails to mark the position of the ball before lifting it, moves the ball-marker prior to putting the ball back into play or moves the ball in any other manner, such as rolling it with a club, he incurs a penalty of one stroke.

Note: "Closely-mown area" means any area of the course, including paths through the rough, cut to fairway height or less.

## **7. Roads and Paths**

Improved roads, paths and their extensions are deemed to be obstructions whether or not they are artificially surfaced.

## **8. Tournament Tees**

Unless otherwise indicated on the tournament sign-up sheet, players have the choice of playing from the Blue, White, Green (if qualify) or Gold (if qualify) tees. To play from the Green tees, your age plus handicap index must be 70 or more (there is no minimum age requirement). To play from the Gold Tees, you must be at least 70 years old and your age plus handicap index must be 86 or more. You do NOT have to play from the same tees each day for Sunday replay.

## **9. Penalty Areas**

All penalty areas will be defined by yellow stakes and/or lines or red stakes and/or lines. In the case where both stakes and lines are present, the lines will serve as the boundary of the penalty area. A ball drop area is available on Hole #15 as follows:

a) **Hole #15:** If a ball is in or it is known or virtually certain that a ball that has not been found is in the penalty area in front of the green on Hole #15, the player may:

- (i) proceed under Rule 17.1d; or
- (ii) as an additional option, drop a ball, under penalty of one stroke, in the dropping zone.

## Section B: General Course Setup

The following is provided for information purposes only. The Rules of Golf, as modified by any Local Rules provided above, shall apply in all situations.

**Cart Paths:** If a cart path interferes with the lie of the ball, a player's stance or a player's swing, the player may lift and drop it, without penalty, within one club length of and not nearer the hole than the nearest point of relief.

**Drainage Ditches:** If a drainage ditch (French drain) interferes with the lie of the ball, a player's stance or a player's swing, the player may lift and drop it, without penalty, within one club length of and not nearer the hole than the nearest point of relief.

**Driving Range:** Any ball inside the driving range is out-of-bounds. Stroke and distance penalty pursuant to USGA Rule 18 or Alternative To Stroke-And-Distance Relief For A Ball That Is Out Of Bounds applies. The boundary of the driving range is defined by the nearest course side edges (the edges on the course side) of the netting poles at ground level. If there is a white line on the ground defining the boundary edge for out of bounds, the white line controls, and the poles are used to show approximately where the boundary edge is, but they have no other meaning.

**No Free Relief from Fences/Nets Defining Out-of-Bounds or Located Out-of-Bounds:** Objects defining out of bounds and immovable objects situated out of bounds are not obstructions, and the Rules provide no relief without penalty for any interference from such objects. Accordingly, for the fences and netting that define out of bounds or are situated out of bounds on holes 3, 4, 7, and 18, if a ball is in bounds and a player's stance or the area of his intended swing is interfered with by the fence or netting, no free relief is available. The ball must be played as it lies or relief may be taken under Rule 19 (Unplayable Ball).

**Red, Yellow and White Stakes:** If a player's ball is not in a penalty area and a red or yellow penalty area stake interferes with the player's stance or swing, the ball may be lifted and dropped, without penalty within one club length of and not nearer the hole than the nearest point of relief (if ball is in the penalty area, no relief from the stakes is allowed). White stakes defining out of bounds are not obstructions, so no free relief is allowed. When the edge of a penalty area is defined by painted lines or by physical features, stakes may be used to show where the penalty area is, but they have no other meaning. When a line on the ground defines the boundary edge for out of bounds, stakes may be used to show where the boundary edge is, but they have no other meaning.

**Yardage Markers, Sprinkler Heads and Control Boxes:** If the lie of the ball, a player's stance or a player's swing is interfered with by a yardage marker, sprinkler head or control box, the ball may be lifted and dropped, without penalty, within one club length of and not nearer the hole than the nearest point of relief. There is no free relief for interference to a player's line of play. There is no free relief from previously used 150-yard bushes/stumps.
